# DINARI BLOCKCHAIN

Setting up a wallet

Overview

Dinari (dinari.co.tz) is a private Blockchain network setup to provide a practical pathway for users to learn and understand Blockchains

A crypto wallet is a software used for interfacing Blockchains in order to transact coins, tokens, NFTs and deploying smart contracts
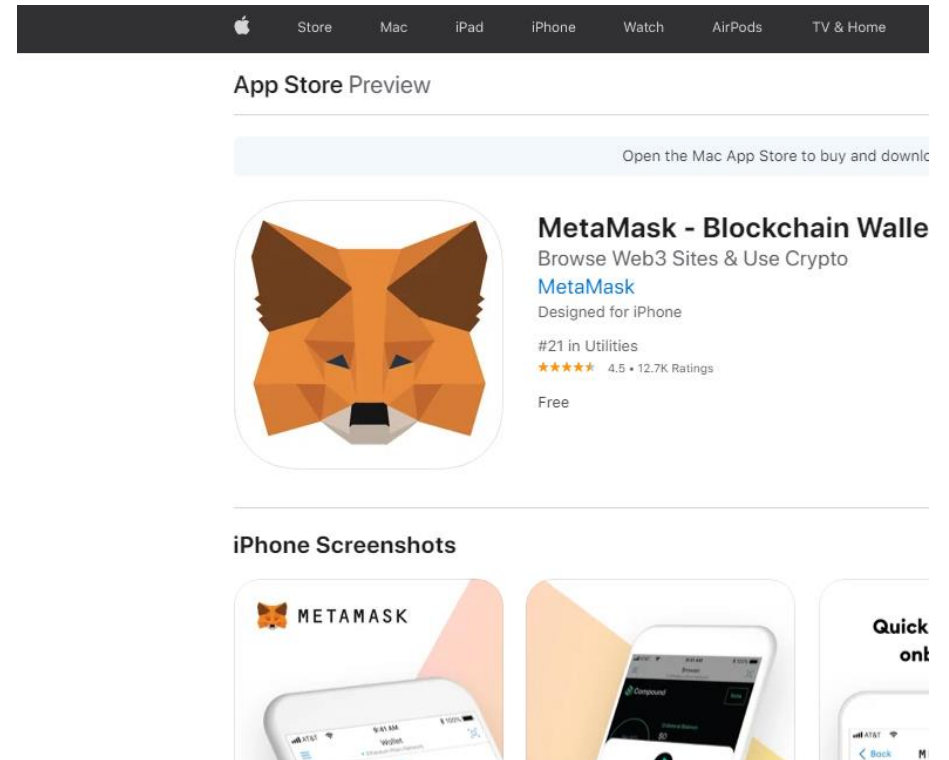

MetaMask is a wallet of choice for interacting with the Dinari network.

MetaMask is available as a browser extension or a mobile app
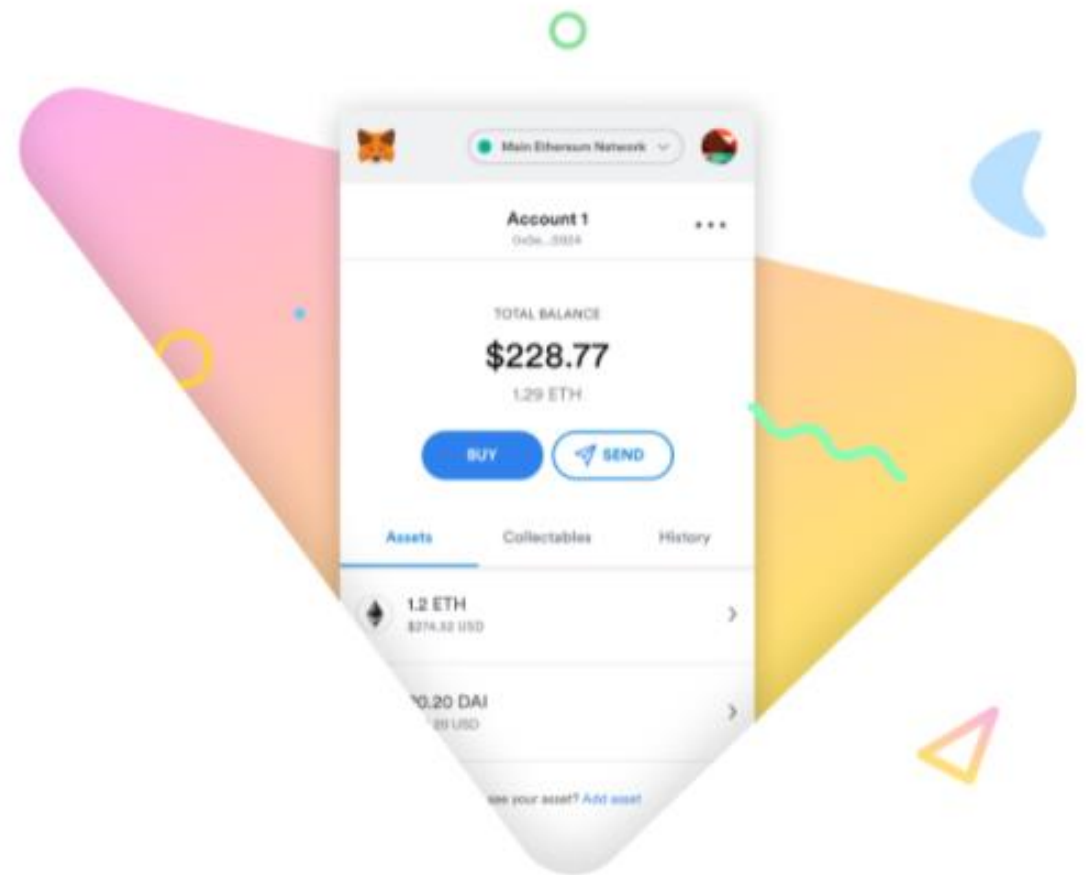

Download the App

Download MetaMask on Google Play or App Store

Setup a wallet

1. Open MetaMask

2. Click Get started

3. Click Create a new wallet

4. Create password
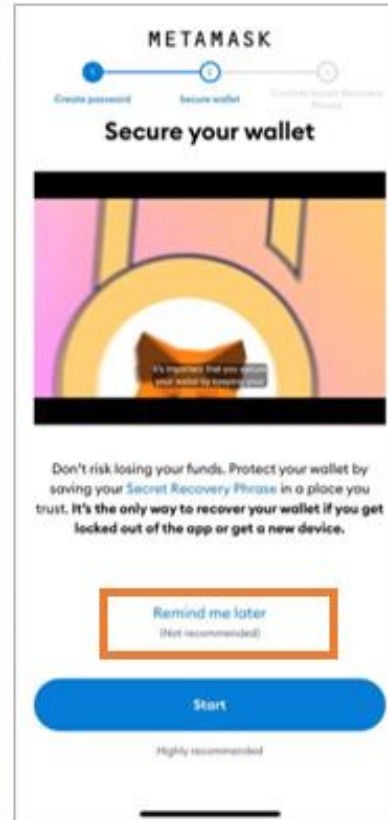

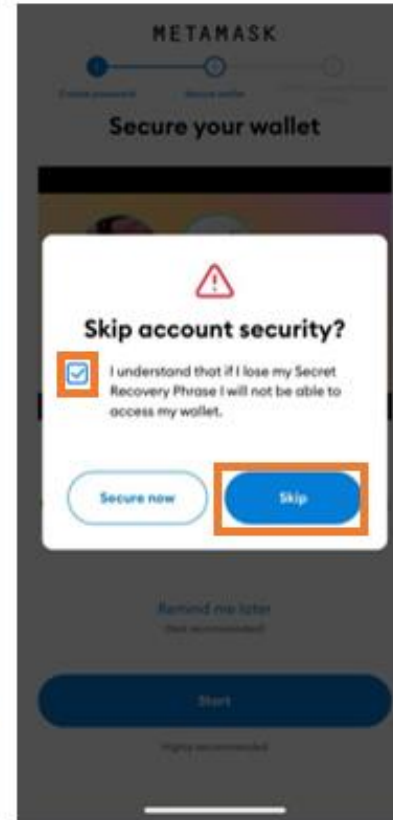

Setup a wallet
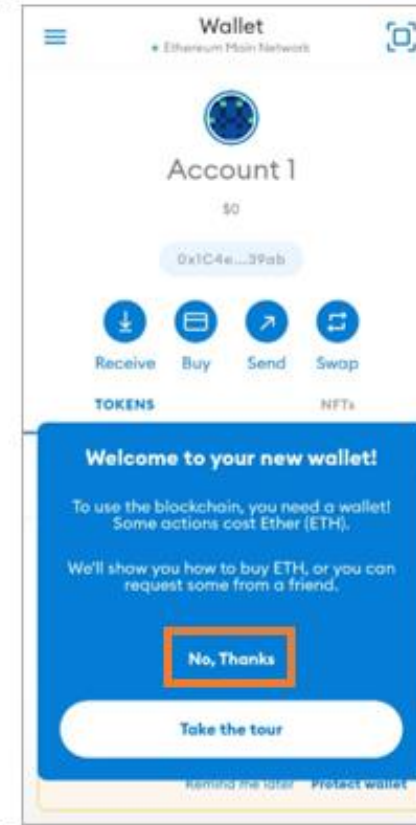

Connect to Dinari Blockchain

1. Select the Menu tree
